In G.O.Ms.No. 1358 Development Department dated 28-3-1951 sanction has been accorded to the payment of rent at Rs. 70/- P.M. for the private building in which the Fisheries Higher Elementary School, Mavunda, which is a permanent School is housed. The School has been raised into Higher Elementary during the year and standard VI was opened on 1-6-51. In due course when the next higher standrads are opened there will be a strength of about 260 or 300. The existing building has accommodation for only 156 pupils, whereas the present strength of the school is 209. As extension to the building with 150 school places is therefore necessary and the owner of the building who has got sufficient land of his own in front of the present school building has agreed to put up the required extension and receive rent as fixed by the Public Works Department. His written statement is enclosed for perusal and return. The inadequacy of the existing accommodation has been pointed out by the District Educational Officer in his Proceedings No. 738 dated 3-10-1951. A copy of his Proceedings is also enclosed. Further only a temporary recognition to the VI Standard is accorded upto 31-5-52 subject to the condition that an additional accommodation is provided.

I request therefore, that the owner of the building may be permitted to provide additional accommodation on the assurance of being paid rent as assessed by the Public Works Department.
